**EXPRESS THEIR THANKS**  
Deep Creek, Sept. 25th, 1903.  
Editor Bulletin.

We beg to say that this settlement is thankful for a much needed paper that has just been completed between Nos. 11 and 12, Township 55, Range 21, west of the Fourth Meridian. It certainly reflects great credit on both the department and the editor, W. Alton, for we have nothing to surpass it in this district. It shows substantial and good work yet nothing unnecessary about it. Traction engines can cross with perfect safety. There is yet another between Township 14-5, though it has stood the strain of the floods, yet the first traction engine that crosses it will finish it. But much as we would like to see one, we presume we cannot get it this season. A traction engine would have to travel six miles to reach the point that has been finished. I wish we could arrange something with the department and get one there and have Mr. Alton build it.

The crop here is about all out but the weather is bad for saving it.

Ex-Overseer.

**THE FRANK SLIDE**  
Bismarck Times.

Again the air is full of rumors of the rock slides off of Turtle mountain and the sensational correspondence of the yellow press are sending out Tommy-rot to their papers. That a small slide occurred on Wednesday morning there is no doubt, but that it was any larger than usual is doubtful as it has never even reached the creek at the foot of the mountain, nor one need or does fear for the safety of Frank or the mine.

The miners arose through the rickety engine, which was pulling the engine down the grade through the slide and having to stop to get up steam thus causing some of the passengers time to become frightened at the noise of a few falling rocks.

## LOCAL.

—Train left Red Deer on time.  
—There is estimated to be \$250,000 worth of furs in Edmonton this week.

—A large gang of men are at work on McDougall street, south of Jasper avenue, excavating for the laying of water and sewer connections.

—Hislop and Nagle have 106 packs of furs in Edmonton. W. Connors has 25 packs. J. M. Swiggart has 50 packs and the Hudson Bay Company has a very large amount of furs.

—Sergeant Major Emery, of Maple Creek, left Edmonton this morning on his return trip. He had brought up ten remounts from Regina for the Northwest Mounted Police. They have been taken to Fort Saskatchewan by Sergeant Sweetapple.

—There were sixty-four homestead entries made at the Edmonton land office yesterday. This is the largest number of entries made in a single day at the Edmonton office and it is doubtful if it can be surpassed by any land office in western Canada at this season of the year.

—Owing to the death of one of the partners in the firm of McLaren and Company, Strathcona, a dissolution of their business has been necessary, and J. H. Morris and Company, Edmonton, have bought out their entire stock which is said to be worth \$20,000, and intend putting on a large sale in the near future.

—Mr. Geo. McLaughlin, who has returned to Edmonton, left here last May with Hislop and Nagle for the north. He went through to the Arctic Red river, 2,300 miles north of Edmonton, and has seen a great deal of the north country during his trip. He tells the usual story of a prosperous season for both Indians and traders.

—Advocate, Red Deer.—Red Deer is one of the few "daily accounting" post offices in Alberta. The receipts from the sale of stamps are about \$75 per week, while the sale of money orders and postal notes, average \$30 daily. These items of information give most cheering evidence of the growth and prosperity of Central Alberta; and as a community we should feel grateful for the help we derive from adequate postal facilities.

—R. R. McClellan, the prisoner to whom reference was made in these columns a few days ago, was taken to Lacombe this morning. He will stand his preliminary trial for burglary at Morningstar, where a store was broken into and sixty dollars and other articles stolen. He will also be tried on a charge of assault on Corporal Joyce, of Lacombe, when on duty. These are only two of the charges being laid against McClellan. In addition to these there are eleven charges of forgery and other charges more or less serious. Const. Gurney went to Lacombe in charge of the prisoner and Major Belcher accompanied them to be present at the trial.

—The Canadian manufacturers are touring the west, publish a daily paper, "On-the-Go," on their train. The paper contains skits on different members of the party and on affairs in general. In one of the papers a fictitious dispatch from London, England, dated September 25th, reads: "Right Hon. J. Laval Tarte, Chancellor of the Exchequer in the new Chamberlain cabinet, has induced the government to appoint Colonel Sam. Hughes, the Canadian hero, who single handed relieved Ladysmith, Commander-in-Chief of the British forces. An act of parliament will be passed freeing the new Commander-in-Chief of both parliamentary and departmental control. Emperor William is trembling; and the Czar of Russia has taken the train for Siberia."

## Six Months Ago

Some people said the prices of city lots were so high that there was no speculation in buying. We now know that had a person gone to any one of the real estate offices in the city with \$10,000 and thrown it on the counter, saying, "Give me anything you have in the west end up to that amount," he would have made a splendid investment. Too cautious people are trembling on the brink today, fearing to make the plunge, like their fellows of six months ago, and in another six months they will be looking at some other fellow carrying off the profits, while they will feel like kicking themselves. Prices are firm now and are bound to increase. What you can buy today you may not be able to buy tomorrow. The Great West Land Company have a large list of Main street lots, lots on First and Second streets, lots everywhere in the city. A few lots at from \$75 to \$150. Invest today.

## Connected with Our Tinning Work

are many good workmen. This is the main reason why we never fail to please. Orders are executed intelligently and the material used is of the highest grade.

Smoky chimneys should receive attention before cold weather. A chimney cap of the right design and construction will effect a cure. We put them on at moderate cost.

## PRESBYTERY MEETING

The presbytery of Edmonton held its regular half-yearly meeting here this week for the first time.

This presbytery, which is a branch from the presbytery of Calgary, extends from Olds along the line of railway and beyond to Peace River in the north, and from the Barr colony in the east to the foothills in the west. It opened in 1896 with four men and now there are 17 regularly ordained ministers and missionaries, besides a number of students who have put in two or more sessions at college.

There were present on this occasion: Rev. Dr. Herdman, superintendent of missions in British Columbia; Rev. D. G. McQueen, Edmonton; Rev. A. Forbes, Fort Saskatchewan; Rev. D. Fleming, Strathcona; Rev. G. R. Lang, Olds; Rev. J. C. Forster, Red Deer; Rev. J. A. Blair, Ponoka; Rev. A. Hood, Horse Hills; Rev. A. M. Ross, Belmont; Rev. M. White, Lacombe; Rev. J. Hastie, Bowden; Rev. Dr. McDonald, Rabbit Hill; Rev. N. P. Groat, Wetaskiwin; Elders: John Asher, Fort Saskatchewan; J. Peterson, Wetaskiwin; Dr. Hootson, Strathcona; Students: M. M. McLellan, Fort Saskatchewan; H. E. Thorneloe, Toileville.

There was the usual half-yearly business, such as reading reports, examining session records, appointing committees, considering various items belonging to each field and arranging for supply for winter months. The retiring moderator, the Rev. G. R. Lang, of Olds, expressed his gratitude to the court for the confidence placed in him during his term of office and called upon the members to elect a new moderator, whereupon the Rev. D. G. McQueen moved and the clerk seconded that the Rev. J. C. Forster be moderator for the ensuing year.

An open meeting was held on Tuesday evening which was well attended and addressed by Dr. Herdman and Mr. Roger. Dr. Herdman gave an interesting account of some phases of the work, especially among the Mormons and in the mining camps. Mr. Roger, who has been lately appointed by the Assembly's Home Mission committee, as travelling evangelist throughout the church, gave an interesting and stirring address from the text, "God so loved the world," John III-16. We shall be glad to see Mr. Roger back again about the end of the year. The members of the presbytery desire to express their warm appreciation to their host and hostess for their genial hospitality.

The time and place of the next half-yearly meeting of the presbytery will be held in February in Lacombe.

The following is a list of the standing committees for the year:

Home Missions: Messrs. McQueen, Forbes, Flemming, Lang, K. W. McKenzie, Dr. Hootson.  
 Foreign Missions: Messrs. Duncan, Forster, Hastie.  
 Young People's Societies: Messrs. Forster, Hogg and Blair.  
 Sabbath Schools: Messrs. Reid, Dr. McDonald, Forster.  
 Church Life and Work: Messrs. Hastie, Lang, Hogg.  
 Augustinians: Messrs. McQueen, Flemming, Roger, Dr. S. McKenzie.  
 Statistics and Finance: Messrs. Forbes, McQueen, Reid.  
 Aged and Infirm Ministers fund and Widows and Orphans fund: Messrs. Douglas, Ross, Harris.  
 Colleges: Messrs. Lang, Johnston, Rothney.  
 Church property: Messrs. Short, McQueen and Forster.  
 Examination of Students: Messrs. White, Lang and Dr. McDonald.  
 Ordinances: Messrs. White, Forster, and Blair.  
 The first named in each committee is convener.  
 The students leaving and going back to college are:  
 H. G. Steers, Red Deer.  
 W. L. Findlay, Lacombe.  
 W. J. Allen, Lacombe.  
 J. P. McGill, Wetaskiwin.  
 W. M. Chalmers, Ponoka.  
 A. M. McLennan, Fort Saskatchewan.  
 J. W. Woodside, Vegreville.  
 D. P. McQuarrie, Ross Creek.  
 J. Fraser, Red Deer.

## THE GREAT NORTH.

So much is being spoken of the great north land these days that it might be interesting to note some of the distances between the principal trading posts between Edmonton and Arctic ocean. In each case we will take the distance a person has to travel in making this trip. From Ed-

monton the trader sets out for Athabasca Landing, on the Athabasca river. From there he proceeds along the Athabasca and Lesser Slave rivers and across Lesser Slave Lake. An overland trip is made to the Peace river and he sails down this river to its junction with the Great Slave river. Following down the Great Slave river to Great Slave Lake, he arrives at Fort Resolution. It seems short on paper, but the trader has travelled eight hundred and fifty miles from Edmonton to this point. He then crosses the southwest end of Great Slave Lake to Fort Providence on the Mackenzie river. Fort Providence is supposed to be two hundred miles from Fort Resolution. The trip down the Mackenzie commences, and from Fort Providence to Fort Simpson, near the junction of the Liard river with the Mackenzie, is two hundred and ten miles. The trip continues down the Mackenzie to the Arctic Ocean. There are various important trading posts along this river. Leaving Fort Simpson, the trader covers one hundred and seventy miles, reaching Fort Wrigley. Another two hundred and ten miles brings him to Fort Norman, near the junction of the Great Bear river with the Mackenzie. From Fort Norman he makes a two hundred and twenty-five mile trip to Good Hope. Two hundred and forty miles more takes him to the mouth of the Peel river which is about two hundred miles from the Arctic Ocean. These are immense distances and the vast tracts of country passed through are as yet in a practically primitive state. There is surely a great future before this country when it yields up its vast resources of the forest, the waters and the mines, besides its great wealth of arable and grazing lands.

## WELL! WELL! WELL!!!

Under the heading "A Novel Innovation," the Winnipeg Tribune of the 23rd instant has the following item:

"Winnipeg can now boast of a Chinese restaurant, which has just opened on Henry avenue, first door west of Main, on the north side. The proprietor is Charlie You, who has just recently come from Macleod, N. W. T., at which place he kept a store and restaurant. It is the opinion of many who have visited the place that Charlie is an artist as a chef. As Chinese restaurants are popular in the western States and on the coast, no doubt it will become so with Winnipeg. The place is called the Palace Restaurant."

What's the matter, Winnipeg? A few weeks ago you chronicled with pride the installation in the city of the first phonograph for office use, eight years after Edmonton had set you the example; now it's novelty in the shape of a Chinese restaurant. Shades of One Lung and Ah Sing To Chee Choo, where are we at? Chinese restaurants a novelty. Wake up, Winnipeg, and get in the game. Chinese restaurants something new, though "popular in the western States and on the coast." Why, any self-respecting town in Alberta would no more think of doing without its Mongolian hash factory than it would think of doing without its debating club, its weekly scandal, or any other of its adjuncts to the higher civilization. For the last ten years they have been among the respected institutions of this country. What, never assisted in the small hours in putting a Chinese restaurant on the bum? What Winnipeg has missed! Never mind, there's a good time coming, sister city. The onward march of civilization is heading your way. Its vanguards are in your midst. The effulgent rays of advancing progress are about to penetrate your benighted gloom. Eagerly we shall watch in your paper for the announcement, "At the church social last night, Miss Rafter, the clever young elocutionist, electrified her audience with a masterly interpretation of Alfred Austin's latest success, never before heard in these parts, entitled, 'Curfew Shall Not Ring Tonight.'" Then indeed we shall know that you are with us, shoulder to shoulder in the grand march of civilization, progress and enlightenment.

## HAVE MASSACRED 10,000

Sofia, Bulgaria, Sept. 17.—The foreign office here has received reliable information that the Turks have destroyed the town of Katoria and have massacred the population.

The population of Katoria numbers about 10,000 persons and the massacre of such a number in one place, if the report is true, exceeds anything that has yet occurred in Macedonia. The effect of the report of such stupendous slaughter may be most serious.

The press is assuming a bellicose tone, one paper urges the immediate mobilization of the whole Bulgarian army and advises the government to act immediately. The government, while steadily proceeding with the partial mobilization plans, is endeavoring to avoid exciting the people, and consequently has resolved not to mobilize any part of the Sofia garrison. The war office has recalled the Bulgarian officers who were studying in the military schools of Russia, France, Austria and Italy.

## SITUATION IN THE BALKANS

Constantinople, Sept. 24.—Part of the British Mediterranean squadron has arrived at Suda Bay, Island of Crete, and is held in readiness in case of developments in the Balkan situation. The battle of Kresna Pass, according to the latest advices received here, is still in progress. The insurgents are successfully holding strong positions, and their casualties are light, only a score being killed or wounded, while the Turks, up to the present, have lost five officers and 320 men killed or wounded.

## WEATHER

Warm weather was general yesterday in the Territories, and temperatures of over 80 were recorded in western Assiniboia. Showers occurred during the night in Alberta and are now likely to occur locally in Manitoba and a change to cooler conditions has already occurred with western winds in the far west, and is likely to occur tomorrow in Manitoba.

## ADDRESS AND PRESENTATION

A number of friends gathered in Gariepy's hall on Thursday night last, the occasion being the presentation of an address and presents to Wilfrid Gariepy on account of his recent marriage. Dr. P. Roy presided. An address was read by A. Prince, deputy registrar. W. Gariepy replied at some length and to the point, expressing his surprise at such a demonstration, thanking his friends for such a token of esteem, and referring to his trip down east, especially to his sojourn of some days in Ottawa. The presents were: a sideboard and a complete set of silverware.

The evening was spent in singing and chatting. A few toasts were drunk and speeches made by B. Prince, M.L.A. for Battleford, J. H. Gariepy, J. B. Picard, E. J. O'Sullivan, P. E. Lessard, J. Cote, C.E., L. Dubuc, A. Blais, M.D., and others. All congratulated Mr. Gariepy upon his marriage and wished him happiness. A number of people who were unable to be present sent letters of regret. These present besides those already named, were: O. Tessier, J. N. Pomeroy, J. T. Labissonniere, A. Laurendeau, H. Hett, A. Lessard, C. Gariepy, L. Lessard, G. Pelletier, J. G. Fairbanks, Burroughs, L. Savard, O. Huot, F. Lamoureux and others.

Mrs. Wilfrid Gariepy expects to receive about the 8th of October next.

## WINNIPEG MARKETS

Commercial, September 19th.

Oats—A temporary famine has arisen in the oat market here, and prices are today fully 10c higher than a week ago. This is due to requirements of feed merchants who have run short. Exports values are practically no higher. We quote: No. 1 white, in carlots on track here, 33c per bushel; No. 2 white 32c; feed grades 30 to 31c. New oats are 2c per bushel less than these prices.

Barley—There is practically nothing doing in this grain. Only a few cars have been inspected. No 3 is worth about 38c per bushel in store for William or Fort Arthur.

Wheat—Montana wheat sold up 3c per bushel at the beginning of the week, some spot No. 1 hard having sold at 89c in store for William. The price has gradually eased off again, and at the close of business yesterday we quote spot on route 1 hard 87c, 1 northern, 85 3-4c, 2 northern 82 1-2c, for September delivery, 1 hard 86 3-4c, 1 northern 85 1-2c, 2 northern 82 1-4c, and for October delivery 1 hard 83c, 1 northern 81 3-4c, and 2 northern 79 1-2c, all in store at Fort William and Port Arthur. There is no export demand yet, prices being too high.

## HOMESTEAD ENTRIES

The returns of homestead entries for August, made throughout the west, have all been received at Winnipeg, with the exception of Lethbridge and Minnedosa, and with the exception of Brandon and Alameda all show increase over the corresponding month of last year.

It may not be generally known that we are in the Belting business but we are very much in it. We don't touch the cheap kind, but we sell the best grade of Leather Belting produced (Extra Brand). Single and double, all sizes. Once used, always used.

We have just unpacked our winter stock of Horse Blankets and Robes, and our showing easily surpasses anything ever offered in the City before. Thirty different kinds of Blankets, from the plain Jutes to the elaborate Stay-on's, and if we cannot suit you we have the satisfaction of knowing that nobody else can. We invite you to examine our stock.

Just a word about Trunks and Valises. We pay particular attention to these goods, and can say as a matter of fact without boasting that our stock is not only the largest but the best assorted in the city. Don't take our word, but come and look around. We have a carload arriving in a few days which will make our stock equal to anything west of Toronto, and that is saying a good deal. Trunks from \$1.25 to \$40. Valises from 75c to \$15, and Suit Cases as high as \$35. See our special Ladies' Dress Trunks, nobody else has them. These are all bought direct from the factory and the prices are right.

Don't overlook us when you need a good set of Harness. We take pride in turning out good work.
